MRS. COVERSTON AGAIN HEADS THE SCIOTO COUNTY W. C. T. U.

Mrs. C. O. Coverston who has headed the County W. C. T. U. for several years was re-elected president of the organization Wednesday at the closing session of the county convention held all day in Maury church. Other officers elected were Mrs. Theodore Slump, Sciotoville, vice president; Mrs. Albert Heiser, recording secretary; Mrs. Philip Pfaff, Wheelersburg corresponding secretary; Mrs. Ella Chase, Sciotoville, treasurer.

Her J. B. Hawk District Superintendent of the M. E. church addressed the women just before the convention was brought to a close. He discussed women's work in the coming election

and urged them to get together and organize for best efforts. He then invited them to attend a women's meeting in his office today at which time a women's organization will be formed to take an active part in the coming election campaign.

Blasts "Pot Of Gold" Story

PHILADELPHIA, PA., Sept. 23.—Mrs. Emma C. Bergdoll, on trial here charged with conspiracy to aid her sons, Grover and Edwin, to evade the draft law, today blasted the "pot of gold" story told by Grover to gain his release from Governor's Island, New York, to hunt for buried treasure in Maryland.

"It is true," she testified, "that I went to Washington with James S. Homey and that we drew \$105,000 in gold from the treasury. But that gold was not for Grover, but for me, and I still have it."

J. B. Wiles Resigns As C. of C. Manager; Going With Selby's

An announcement that comes with much surprise is that J. B. Wiles has resigned as manager of the Portsmouth Chamber of Commerce to accept a position with the Selby Shoe company. Mr. Wiles decided to make the change after considering the offer for some time.

Mr. Wiles tendered his resignation at the regular meeting of the Board of Directors today, the resignation being in the following form:

To the President and Board of Directors of the Portsmouth Chamber of Commerce, Dear Friends:

It is with a feeling of genuine and sincere regret that I herewith tender my resignation as manager of the Portsmouth Chamber of Commerce.

While I fully realize that, by so doing, I am severing what to me has been a most pleasant business and social connection which I have ever enjoyed, this feeling is tempered by the fact that I shall still continue to live and work among you, and, I trust, share actively in the work of the Chamber of Commerce in other capacities than that of its manager.

I have accepted the position of Assistant in the Credit and Auditing Department of the Selby Shoe Company, a position which offers more possibilities for future advancement than are offered by my present field of activity, and, further, by accepting this opportunity, I am making it possible for me to become a permanent resident of Portsmouth, a city which I have come to regard as the one in which I desire to make my home. Portsmouth, truly has wonderful possibilities, and it will be a privilege to do what I can to work for the future advancement of our city.

I am wearing, for your consideration, a list of the names of men with whom I am acquainted, and whom I feel can acceptably fill the position of manager, and, in landing in my resignation, I desire to state that I will be glad to remain in your service for a sixty day period, should you so desire, and aid in the selection of a successor and endeavor to impart to him all the information possible on the work of the organization, and thereafter aid him in an advisory capacity so long as it may be necessary.

I wish to take this opportunity to express my sincere thanks and appreciation to every officer, Director and committeeman for the loyal support and cooperation which has been afforded me during the past months, as a large measure of the success which has attended the work of the Chamber is due to the splendid service rendered by its membership, whether in the capacity of officers and Directors or as members of committees. I have endeavored to give you a successful administration but it was more than a one man task, and our success largely depends on the continuation of the splendid service rendered thus far.

I respectfully request that you accept my resignation in the spirit in which it is offered, as, did I not sincerely feel that I was entering a field of larger opportunity, it would be hard for me to find a city in which I would rather work in my present capacity.

Very sincerely yours,

J. B. WILES, Manager.

The directors accepted the resignation with regret adding that they were sorry to see him leave the managing end of the Chamber but wished him much success in his new undertaking.

Mr. Wiles will remain on the job for the sixty day period to give his successor every help possible. The new manager will be a man from out of the city and will be qualified for the position. It is hoped to secure a man within thirty days in order to have Mr. Wiles with him about a month before he assumes his new work. Several men will be interviewed before a man is selected for the position.

Mr. Wiles has taken hold of the work here in a big way and has had his heart in the work since he got on the job. He has made many friends who will be sorry to see him leave the Chamber of Commerce but who are glad to hear that he is to remain a resident of Portsmouth. As a resident he will be able to give valuable assistance to the new manager.

Manager J. B. Wiles

47 True Bills Reported; Special Report Also Made

After being in session four days and examining 142 witnesses, covering 50 cases, the grand jury reported to Judge Thomas at 3 o'clock Thursday afternoon.

Forty-seven true bills were returned, 10 indictments and two cases were passed. Among the true bills made public were the following:

Charles Ishamel Anderson, second degree murder.
Daniel Duff, forgery.
Alphonso Wiley, assault and battery.
Fred Morris, larceny.
Louis Hopkins and Harold Hopkins, cutting with intent to kill.
Charles Williams, Archie Watkins, Jesse Cud, Henry Hunter, Willie Jefferson, larceny.
John Roman, larceny.
Delbert Jenkins, larceny.
James Roland, larceny.
Noah Holt, General Hamilton, larceny.

Gerald Goodman, rape with consent.
Raymond Arthur, forgery.
Frank Hilling, forgery.
J. R. Nave, forgery.

There were all the indictments made public.

Ten cases were ignored. They follow: John R. Cullum, obtaining money under false pretense; Leo Jewett, stealing timber; Oscar Boyer, perjury; Alphonso Wiley, gun totting; Frank L. Sikes, assault; Edward Bard, failure to provide James Smith, poisoning arms; Charles Snapp, larceny; Warren Howard, burglary; James Dills, abandoning legitimate child. Two cases passed were Sam Cloran, rape with consent; Walter Lopez, gun totting.

A special report was also made by the jury as follows:

We believe the time has arrived for the improvement of the principal streets of the city, and urge that steps be taken by the authorities looking to the covering with asphalt of Second, Chillicothe and Gallia streets, and while reluctantly admitting that the city is far behind the times in respect to road building, we urge that early action be taken by council looking to improving the main ones. Sewers should be built and water mains be laid in the several subdivisions it is proposed to open, that once the streets are paved it will be unnecessary to fear them up to make such connections.

We commend council for taking steps toward a new market place, the site of which is a desirable location and convenient to a majority of the people. It will, however, be necessary to install a number of extra lights.

We call upon the trustees of the Public Library to endeavor to keep that building open every week day from 10:30 a. m. to 6:30 p. m. and from 1 to 4 p. m. on Sundays, the latter for women's benefit.

We approve of the proposition looking to the purchase of lands suitable for a new cemetery, and urge early action in the matter, as the delay has already cost the city a large sum.

The proposed new market place should be a desirable location and convenient to a majority of the people. It will, however, be necessary to install a number of extra lights.

We are heartily in accord with the idea advanced to pave the four main thoroughfares leading into the city, and hope the work will be continued until all highways are completely paved with a surface of stone.

We commend the arrangements for the fair and the display of the city's street improvements, and respectfully urge that the fair be continued into the city at an early day of the season.

New Boston and Sciotoville, it will be most highly important. House numbering in the outlying districts including Sciotoville will be necessary also, in fact the government demands this in connection with the prompt delivery of mail.

With the coming again of the Ohio river traffic into the glory of the past, and with the early completion of the various locks and dams whereby a nine foot stage of water will be provided at all seasons of the year, the city, in our opinion, should look to the thorough repaving of the grade and the making of such permanent improvements as are necessary from Chillicothe to Scioto street. The city having advanced from its swaddling clothes period, it should banish the dog pens and shanty boats that really are a menace to good health and which should find no abiding place along the river front, marring its beauty, if not an actual detriment to the community.

As has been the semi-annual custom for many years, the grand jury visited the county jail, and in the opinion of the several members, it is a disgrace to a civilized community. It is out of the present day idea of humanitarian methods whereby efforts are put forth, not so much to punish the prisoner, as to better his moral condition, and make of him a better citizen when he shall have served his sentence. But with the condition of the jail, its young and old offenders together, little progress can be made without the inmates towards reformation.

We could say much along this line but will only add in the language of a former city official that the Scioto county jail is "no fit place for a lady or gentleman." We wish it understood that we do not blame Sheriff Ricker for the bad condition of the jail.

Realizing that the late L. D. York and his associates had and have large investments in the Portsmouth Street Railway & Light Co., and that by reason of the law now charged on the car line the proposition even in these prosperous times, is not a paying one, and consequently no improvements can be made, we ask that council again take up the matter of allowing an increase of fare, passing an ordinance more in accordance with those dealing with car fares in cities of this class, to the end that the railway company be permitted to realize a profit on their heavy investment, relying on the company to later make such connections, improve its road bed and rolling stock as will rebound to the credit of the city and to which all citizens will be pleased to point to with pride.

Such action as suggested above may result in the building and widening of the car line, the extension of the line to the West side, and it is altogether probable that within a short time the government will be asking that should this city wish to be a station on the "airplane" mail route that it arrange to provide a suitable landing place as in no event does the government buy such lands and where none are offered, that city is passed on upon the order that a pay train does a tramp.

In this connection it is suggested that council arrange to have all the buildings in these three blocks park on the hill top removed, in no way interfering with the probable mound, or the park as a park, but having it in readiness when it may be wanted, or better still offer the use of the grounds to the government for a mail plane station.

Scioto county is far behind many counties of the state in the matter of a suitable court house and with the constant expansion of the city, that will soon extend from the Big to the Little South, with the city's numerous contemplated advancement along

building lines, etc., the time is opportune to agitate the subject of a suitable county building that will be a credit to this rapidly growing community. Resolutions have been passed, and recommendations have been made along this line, but without avail. We wish, however, to offer something a concrete form as it were, and hope our suggestions will bear fruit. We ask that the County Commissioners appoint a committee of five to select a site suitable for a court house commensurate with the prominence of Scioto county as one of the very best of the sixty-eight counties in Ohio.

This committee to secure an option on the square from Officers Street to Lincoln street, and from Gallia to Seventh streets, also to secure options on such other sites as the committee may see fit, reserving to the commissioners after January 1st, 1921. We recommend that when the new Court House is built that it be built upon the present site of the Court House.

This arrangement would then, if it is deemed best, permit of the people of the county to again vote on the Court House proposition at the spring election. There has been much said and written about the urgent necessity of a Court House since it is much needed in this community. It is high time that something tangible be done.

Respectfully submitted by the grand jury of September, 1920.

REV. LEWIS RESIGNS

JACKSON, O., September 23.—Rev. E. J. Lewis, Jackson's oldest minister, gave his resignation to the local Presbyterian church yesterday. It is to take effect in the early spring.

Rev. Lewis has been eight years in the city of Jackson, and during that time has been very active in both church and civic councils. He has been for some time president of the Ministerial Association of the city. Rev. Lewis' influence during his stay in Jackson has been felt over the entire county where he has been called in conference with many churches.

Rev. Lewis is well known here, as he has filled the pulpit of the local Presbyterian churches numerous times.

Petty Thieving At H. H. Locker Room

When a thief broke into the athletic locker room in the High School Tuesday afternoon, \$9.00 in currency was stolen from Howard Frowling's clothes, and \$3.00 from Richard Strittmatter's locker. Both lockers were unlocked. It is thought that some one unlocked the outer window while the football squad was donning the mole skins and then opened the window and crawled inside after the room was locked by Coach McCormick.

Last week \$4.00 was stolen from a locker which was occupied by a girl's clothes.

Principal Eccles declared today that anyone caught tampering about the locker rooms while the football squad is out practicing, or anyone caught in the trap that is set for the culprit, will be handled severely.

"We are going to break up this petty thieving about the High School, and drastic measures will be taken," he said.

—the Cigarette

If you are a cigarette smoker, and unacquainted with Lucky Strike, buy a package today, and find out for yourself why they are so popular.

You will at once notice the delicious flavor of Burley tobacco, delivered to you absolutely fresh. It's toasted.

—the Tobacco

To pipe smokers Lucky Strike tobacco offers the same exceptional flavor as the famous cigarette. Made from the finest Burley tobacco—it's toasted for your pipe.

If you don't know how delicious toasted Lucky Strike is ask for a tin today, and taste!

IT'S TOASTED

The Burley tobacco leaves have pores, like a sponge. When "it's toasted" their pores are closed, the flavor sealed in, permanently. When you burn Lucky Strike in your pipe or cigarette, you are releasing the original Burley flavor that was sealed in by toasting. Exactly that. Heat seals it in, heat releases it.

You know how a bee seals in the flavor of honey with the thin coating of wax. This coating holds in that delicious honey flavor until it's used.

Just so the toasting process seals in the Burley flavor. This flavor is preserved until you release it by smoking. A wonderful process and a great discovery for smokers.

Two Hurt When Sedan And Truck Collide

Virginia, small daughter of Mr. and Mrs. Stanley Kendall, Twenty-second street near Kinney's Lane was painfully injured, her left ear being partially severed from the head when a Ford sedan driven by her mother collided with a Stewart truck driven by Marion Schlenker, Solon Trail at Kinney's Lane and Waller street at 7:30 o'clock this morning.

In the sedan were Mrs. Stanley Kendall, who was driving and her daughter, Virginia who shared the the

front seat. Mrs. Lula Hughes of Vanceburg who is visiting at the Kendall home occupied the rear seat and was badly shaken up when the collision occurred. Mrs. Kendall received slight cuts about the head and was shaken up.

The child was taken to Hempstead Hospital where Dr. T. G. McCoske attended her. Schlenker stopped his machine and helped the injured. His machine was badly damaged.

The Kendall automobile was being driven north on Waller street and the truck east on Kinney's Lane when the collision occurred. Mrs. Kendall had just taken Mr. Kendall to the Selby shoe plant and was returning home at the time.

Careless Shampooing Spoils the Hair

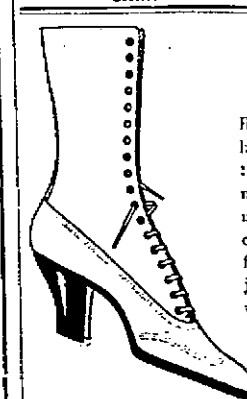

Soap should be used very carefully, if you want to keep your hair looking its best. Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and ruins it.

The best thing for steady use is Multisulfated coconut oil shampoo (which is pure and grassless), and is better than anything else you can use. One or two teaspoonsful will cleanse the hair and scalp thoroughly. Simply moisten the hair with water and rub it in. It makes an abundance of rich, creamy lather, which rinses out easily, removing every particle of dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it keeps the scalp soft, and the hair fine and silky, bright, lustrous, fluffy and easy to manage.

You can get Multisulfated coconut oil shampoo at any pharmacy, it's very cheap, and a few ounces will supply every member of the family for months.

QUALITY - NOT EXCUSES

Raw materials cost more, labor receives higher wages. But we have never let these facts serve as excuses to compromise the quality of our shoes or to take unjust profits. Despite conditions, we continue to sell footwear that gives its full measure of satisfaction and value—just as we have always done and always will do.

The above style at \$10 and \$13.50.

"The Cream of Nut Butters"

YOU will find in Cream of Nut the perfected nut butter. The proof is in its use. Try Cream of Nut on your own table—as a spread—in cream sauce—in cake baking. Make any test you choose. Its flavor, texture and quality are superior and uniform.

Friedman's Oak Grove Olemargarine—of equally high quality—is recommended to those who prefer the solid product.

Commodore Pollitt, aged 35, one of the best known citizens of Vanceburg, lies in a critical condition at his home in that village as the result of being shot in the groin last night.

Sheriff T. M. Bertram of Vanceburg and other officials are making an effort to apprehend "Doc" Sarlin, aged 30, who they say shot Pollitt, the scene of the shooting being at the Beach Chapel church just below Vanceburg. It took place last night at 8 o'clock.

According to word from Vanceburg today Sarlin slugged a boy named George Stevenson last night while both were in front of the Beach Chapel church. After being slugged Stevenson began crying and ran into the church. This broke up the meeting being held there and Pollitt, who is also a deputy game warden, started out to find Sarlin and place him under arrest. The two men met near

the church, Sheriff Bertram said today and when Pollitt attempted to arrest Sarlin the latter pulled a .31 calibre revolver from his hip pocket and fired directly at Pollitt. The bullet passed through his groin and lodged near his spine. Pollitt's condition is grave and should he recover it is believed the gun shot wound will impair his walking.

Sarlin, it is claimed, disappeared after the shooting and no trace of him has been found. He is unmarried and is undersized. Bloodhounds from Manchester were brought to Vanceburg last night, but failed to strike a trail. They will remain at Vanceburg and will be used again in an effort to locate the alleged gun user.

Both Sarlin and Pollitt have lived long in Vanceburg and the news of the shooting caused a sensation in that village last night.

The Teachings Of Jesus; When Is A Man Lost?

The "Forum" idea will be used in the Sunday evening services at Trinity church during the next few months. The topic for these evenings will be "The Teachings of Jesus Christ." Next Sunday night the special theme will be "When Is A Man Lost?" Does a man have to submit to the control of appetite or passion in order to be lost according to the words of Jesus? Is it possible for a man to become lost in his own store or bank or factory? Does the loss in the gospel mean a finally determined condition of a person, does it mean an eternal destiny? To be lost is the teaching of Jesus was a terrible condition. What was that condition? Does it mean that a man is in the grip of forces which he left to himself? What is God's treatment of the lost? What is man's treatment? This question will be discussed by four laymen in short addresses, then briefly by the pastor, N. E. Butler, at Trinity Sunday night. No doubt there will be many people who will hear these discussions. There will be special music at each Sunday evening service. Sunday morning the pastor of Trinity will preach on the topic, "The Teaching of Jesus was a terrible condition." The services are at 10 and 7:30 o'clock.

RECRUITING FORCE TO HOLD CONFERENCE

A conference of the naval recruiting force of the Portsmouth district, comprising about 25 men will be held in Charleston, Saturday, October 2.

Ex-service men are invited to attend this meeting and get in touch with old buddies. Full particulars can be obtained at the naval recruiting office in the postoffice.

Recruiting Office Busy Place

Four enlistments and recruitments have been made at the navy recruiting station in the postoffice during the last few days.

Walter Chick, 311 Grimes avenue, enlisted and was sent to the yeoman's school at Newport, Rhode Island.

Robert Plummer, Wheelersburg, re-enlisted as gunner's mate, second class.

A. H. Williams, of Citka, Kentucky, who holds two honorable discharges from the United States army, enlisted as a fireman on an oil-burning ship.

Carl Anderson, South Portsmouth, re-enlisted September 12 and will be sent to the cutter's mate school at Maryland, California upon the expiration of 30 day leave which he is spending in this city.

Aloysius Dolmet of Detroit, was rejected on account of defective teeth. Six candidates have been rejected recently, four on account of defective teeth and two because of defective vision.

John Sherwood Weaver and Francis Winn, both of Ashland, have enlisted in the marine corps and were sent to Parris Island. Winn will be assigned to the aviation.

THEATRICAL

A complete change of both photo play, vaudeville and musical comedy programs centered at the Sun Theatre at the matinee this afternoon for the last half of this week. "In Hindsight" is the name of the extravaganza, which is declared to be the most picturesque, the most irresistibly funny, the most delightful and in every way the most delicious comic opera yet presented by Danny Lund and his beautiful Triangle Girls, during their stay in Portsmouth. The vaudeville specialties are introduced during the presentation of "In Hindsight". Each will be entirely different from anything heretofore seen here. "The Spirit of Glee" is the photo play offering for the last half of the week.

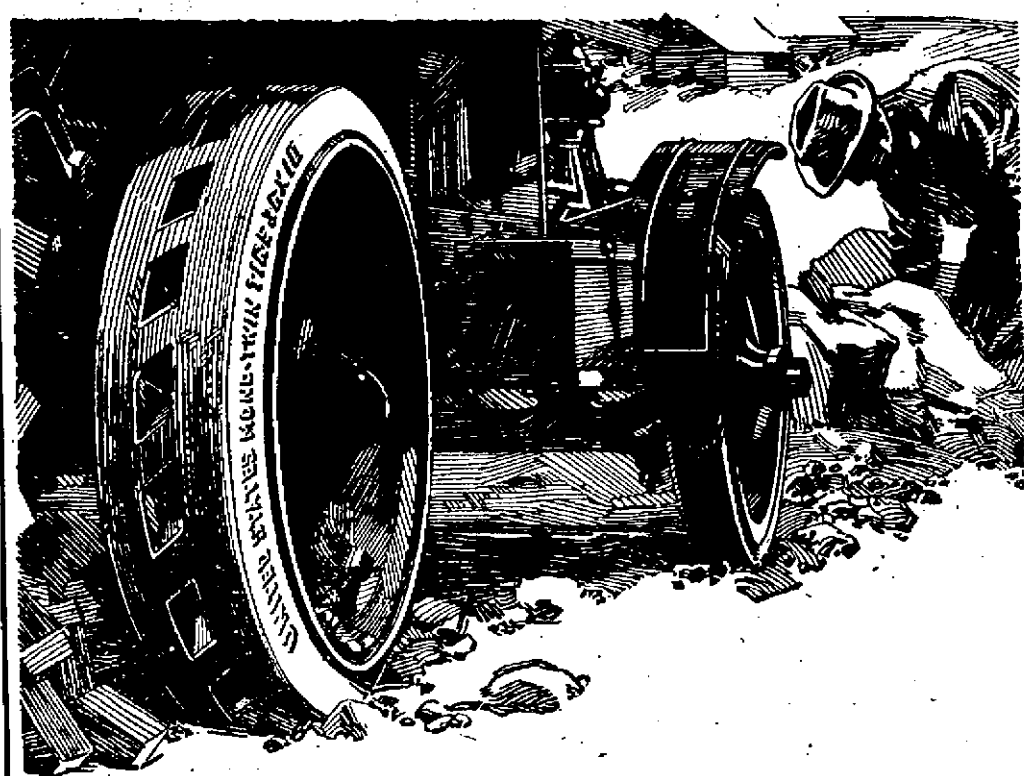

Not de Riguer.

A Chicago woman who had received a legal summons to appear in a certain court at a certain period was much put out thereby. In explaining the matter to a friend, she said: "I have certainly received the summons, but I shall not appear—won't not, in fact. Not only am I not socially acquainted with Judge Jones, but the whole face of his communication is so repulsive that I absolutely refuse to know him."

Grease Spots.

If you have the misfortune to spill grease upon your kitchen floor, let it cool, scrape up all you can, then pour a few drops of Hyomei on the spot, wipe it off and add a few more drops, repeat the operation. Let this remain a short time, then wipe the spot with a clean cloth.

To the Man who is Interested in Truck Tire Economy

CAREFUL truck owners are figuring their costs pretty closely these days—tire costs along with the others.

It is no longer "clap on a new tire and hang the expense." At least, not with the owners we come in contact with.

Service, wear, traction, cushioning qualities, construction are coming to mean more than they used to, not only to owners but to drivers of motor trucks.

And the more they mean, the more we find truck owners and operators turning to the new United States Grainless Rubber Solid Truck Tire.

The tire that overcomes splitting and base separation—that goes on its way day after day, month after month, wearing down smoothly and uniformly without undue attention and without expense.

Handling United States Solid Truck Tires in this city is in keeping with the progressive policy of our concern.

Something new—something a little in advance of the times—is always coming out of the United States Rubber Company.

Before ordering a new truck, consult us about the kind of tires to specify.

UNUSUAL SUCCESS OF VOLA-TONIC IS DUE ONLY TO ITS MERIT

Hundreds Highly Recommend
New Medicine and Tell How It
Brought Strength and Good
Health.

The unusual success of Volatonic, "Builder of Strength" is due only to the remarkable merit of the new medicine as a strengthener and health-builder.

In thousands of cases Volatonic has proved to be just what weakened, run down men and women needed to build up the system and bring back normal strength and health. Numbers of people have publicly praised Volatonic in the newspapers because of what it did for them.

Mrs. Charles Stewart, 504 East Fifth, Cincinnati, O., said: "The first bottle of Volatonic improved my health and strength in every way."

Mrs. John Kelly, 815 West Court street, Cincinnati, said: "It's a pleasure to recommend Volatonic. It gave me new strength and energy and made the housework a great deal easier for me."

Just another case of a trusting human nature betrayed.

J. R. Hirsch, local representative of the International Correspondence School, Scranton, Pa., recently decided that he would make a little extra money selling laundry stock. One of his first stock sales was of 2000 to a Mr. Comerford of Dayton, a friend and benefactor. All went well until recently when the laundry company declared dividends and Comerford found that he had received dividends on only \$1000 worth of stock instead of for the amount subscribed. According to H. A. Denyes, district superintendent of the I. C. S., arrangements had been made for the matter to be settled at Cincinnati last Thursday with Hirsch-making amends for the \$1000 held back, but Tuesday night Hirsch suddenly disappeared and has not been seen since.

The latest development in the case came Wednesday morning when officials of the I. C. S. discovered a laxity in Hirsch's business methods, having failed to make a report on a case involving a sum of \$300 to the home offices in Scranton. He had made reports of the matter to the state and district offices but had failed to make such a report or to send the \$300 to the central offices.

An automobile owned by Hirsch was found by Sheriff Ricker in a blind alley and is being held for further developments in the case.

H. A. Denyes, of Cincinnati, district superintendent of the I. C. S. is in Portsmouth trying to straighten out the tangle made by the disappearance of Hirsch. Another representative of the company will arrive Thursday, to take up the work so suddenly abandoned by Hirsch.

TO WOMEN WHO OVERDO
Thousands of American women in our homes are daily sacrificing their lives to duty. In order to keep the home neat and attractive, the children well dressed and busy, women overdo. Soon a weakness or displacement is brought on and they suffer in silence, drifting along from bad to worse. For forty years Lydia E. Pinkham's Vegetable Compound has proved a boon and a blessing to women in this condition, by restoring their systems to a normal healthy condition. Why don't you try it?

J. B. Galloway of Columbus automobile license inspector from the office of the Secretary of the State of Ohio is in the city inspecting automobile licenses.

He stated today that automobile

owners may transfer their tags from one car to another by applying at the local Chamber of Commerce. There is a severe penalty for transferring tags from one machine to another without having a legal transfer from the Secretary of State, he said.

Mr. Bauer says the outlook for a return to Congress of Mr. Kearns is very bright.

HARDING LEADS

The secret straw vote taken in Ohio by the Columbus Dispatch shows the total vote for Harding in voting at the Whitaker-Glosser plant, Portsmouth, to be 50 and for Cox 61.

The straight Democratic ticket received 21 votes while 33 votes were cast for the straight Republican ticket. Five transferred their allegi-

nance from the Republican to the Democratic party while 11 former Democrats decided to cast their votes for Harding.

Thirty-seven voting the Democratic ticket did not indicate any previous vote while 45 that cast their votes Republican failed to indicate any previous voting preference.

Elks Initiate Candidates

At a well attended meeting of the Portsmouth Lodge of B. P. O. Elks Wednesday night the following candidates were initiated: John T. Watkins, C. Thane Wilson, Edward L. DeLo, F. E. Meyers, Gilbert H. Bauer, Wm. Keene Adams and Homer Sheels.

These candidates were elected to membership: Walter K. Wells, Forest H. Holbrook, Earl C. Hayes, Franklin Hays, Richard C. Taylor, C. Earl Grashel and A. B. Arganbright.

Injunction Is Granted

George Cook, Adam Knapp and Adam Hase, as trustees of St. John's Evangelical Lutheran church of Powellville, instituted an injunction suit in Common Pleas court Wednesday, seeking to prevent Mervin Smith from destroying a fence which surrounds the church property in Green township.

The defendant owns a farm adjoining the church, and a recent survey brought on a dispute, the new line extending over on the church premises a few feet, including the fence.

When the defendant Tuesday began making preparations to tear down the fence, it is claimed, the church trustees hustled to town and secured a temporary injunction restraining him from molesting or disturbing the fence until the case can be heard on its merits. The plaintiffs sued through Attorney L. A. Thompson.

**The Finest Pie Crust Is
Easy To Make—Can
You Make It?**

SOME people say that the making of flaky, delicate and easily digested pie crust "is an art."

Perhaps it used to be. Today even the inexperienced girl can make the finest pie crust.

Only two things are necessary. A good recipe—which is given here. And Mazola—which is sold by all grocers.

Mazola makes delicate, flaky and easily digested pie crust because it is an absolutely pure, vegetable oil—from an edible source.

Wherever you find cooks making really good pie crust, you will find Mazola.

And once you try Mazola you will never go back to lard and compounds.

FREE The new handsomely illustrated Corn Products Cook Book contains 64 pages of practical and tested recipes by expert cooks. Free—write today. Corn Products Refining Company, P. O. Box 161, New York City.

TO DISCUSS NEW HOTEL

This evening at six o'clock the Chamber of Commerce will hold their first Forum supper of the fall and winter.

An important subject, the proposed new hotel for Portsmouth, will be discussed and with such a subject before the membership a big attendance is looked for this evening.

The Hotel Committee, composed of A. H. Hanson, chairman; John F. Taylor, Mark W. Selby, Samuel Horchow and Gilbert S. Monroe, is ready to file its recommendations with the board of directors, providing such recommendations meet with the approval of the membership.

At the meeting this evening to follow the supper the committee expects to receive the approval of the membership. It would be encouraging to the committee to have a large number of members present to hear their report.

The committee will show what has been accomplished to date on the hotel proposition. Hotel men from other cities are expected to be present to make talks.

Architect Weber, of Cincinnati, who has prepared plans will be on hand to show a splendid picture of the proposed hotel structure.

DRESS UP THE HOME WITH NEW RUGS AND DRAPERIES

The main stay in life is the home, the place of comfort and leisure hours. And in these days one is more apt to be contented in the home, because of the atmosphere that surrounds it of bright and cheerful looking draperies, and rich colorful looking rugs that add as the background to the home. And during this week we ask you to spend at least two of your leisure hours in our drapery department on the third floor, viewing our new Fall line of Rugs and Draperies, which we have assembled and displayed for your close inspection. You will find home needs that will add a cheerful note to any room, and prove most welcome, now that dark autumn days are approaching.

DRESS-UP IN BEAUTY—AND COMFORT

THERE is no corset which can equal a Redfern in giving that sense of luxurious comfort which women instinctively appreciate. A Redfern will give your figure the most beautifully modelled contours imaginable—the slim hips, the flat back, the low bust effect demanded by the mode—but at no expense of ease or freedom.

A Redfern does not "bind." The material never seems to squeeze the flesh, nor does the boning make its presence felt. There are no "tight spots," no pulling or straining. And why? Because every Redfern, for every type of figure, is correctly designed and correctly cut for the figure it is destined to fit. Let us give you a fitting—and prove it!

N. & W. Engineers Hold Record Meeting Here; Fine Talks Made

Mayor Gableman Delivers Keys Of City To Visitors

This year's meeting of the Brotherhood of Locomotive Engineers of the N. & W. System, held at K. of P. hall, is surpassing all other such gatherings of the organization in attendance and interest. The attendance this year has been unusually large and everyone present is taking an active part in the meetings, three sessions being held Wednesday.

The union system meeting will come to a close tonight, sessions being held this evening at nine, this afternoon at two and an entertainment and dance being held Wednesday afternoon. The second session was held with S. H.

ferred to engineers only. Mr. Crews then spoke on the insurance benefits of the organization and how every engineer should avail themselves of the opportunity to take out enough insurance to provide for the future. He said: "We are jeopardizing the future generation by our love for luxuries. Statistics show that 2-1/2 per cent of our income is spent for insurance, a like amount for sweets and 6 per cent for tobacco. We are to be held responsible for the future generation and should provide now for the future."

Mrs. W. B. Tunstall of Norfolk, Grand Organizer and Inspector, was

next called upon. Mrs. Tunstall said that the strength of the organization depended upon social contact. She said that the meetings such as these helped to bring about a better social and brotherly love. There are 85,000 B. of L. E. members and only 20,000 Auxiliary members. She urged each engineer to see to it that his wife joins the Grand International Auxiliary of the B. of L. E. if for no other reason than to get the insurance benefits.

Grand Organizers Talk
Mrs. W. H. Hitt of Roanoke and Mrs. Mae Hanson of Columbus, Grand Organizers and Inspectors, were also called upon for short talks.

Both spoke of the fine attendance and spirit manifested in the meeting and urged more of these union system meetings for the good of the organization.

G. F. Turley, trainmaster of the N. & W., was then called upon by Chairman Huff. Mr. Turley spoke of the N. & W. railroad and how it ranked with the best of them. He said that the employees and road had slipped a little during the last period of unrest and that it was now time to get back into the harness and work for increased facilities which means better service. "We have always looked upon the engineer as the one big leading factor in the progress of the road," said the speaker. He then urged co-operation for the best interests of all concerned and spoke of how the B. of L. E. and the N. & W. had worked hand in hand for betterment of conditions.

Mr. Huff in speaking a few words following Mr. Turley, said "The steady progress and development of the N. & W. has been due to that splendid spirit of co-operation shown by the engineers as well as to its efficient management."

The readings and musical numbers were well received and each received hearty applause. Mr. and Mrs. Mark Smith of Kenora rendered a piano, violin number. Mr. Smith playing the violin, while his wife presided at the piano. Mr. and Mrs. C. J. Pyles gave one of their splendid numbers. Mr. Pyles singing several favorite numbers. After long applause they proceeded to take a part in tonight's program in Ben Hur hall. Mrs. Maudie Wilson, daughter of Mr. and Mrs. A. A. Wilson of this city, and Miss Jim Simpson, daughter of Mr. and Mrs. Dave Simpson of Kenora gave readings that met with instant approval. All the numbers were very appropriate for the meeting.

Mrs. W. D. Simonton, who has been president of the G. I. A. here for ten years, announced that there would be a meeting of the women at the Washington Hotel at 8:30 this morning. Mrs. Simonton escorted the visitors through one of the local scene factories this morning at the meeting house.

Dinner was served today by the women of the G. I. A. in Ben Hur Hall. This evening at eight o'clock an open meeting and entertainment will be given in Ben Hur Hall with the G. I. A. women putting on a short play. This will be followed by a big dance in the Elk Hall, the hall and music to be furnished by the Retail Merchants' Committee of the Chamber of Commerce. The dance will bring to a close the two days' system union meeting. A. A. Wilson and S. E. Callahan, head the committee in charge of the big meeting.

Suspect In Baby Desertion Case Exonerated By Police

Recent developments in the Pullman baby abandonment mystery has resulted in a complete vindication for the South Portsmouth young woman, who the officials were led to suspect, was the mother of the infant left deserted under an apple tree near the old water works plant early in June.

Information received by local officials when the young woman in question left her home at South Portsmouth several weeks ago and went for a visit with relatives in a city in northern Ohio gave rise to the suspicion pointed toward her. The young woman returned recently and Tuesday called on Chief Dittel, who on hearing her story was thoroughly convinced that she was not the mother of the abandoned infant nor had any connection with the affair.

In discussing the conference Chief Dittel stated that the young woman established a complete alibi and in justice to her, he asserted, it should be said that the persons on whose information caused the girl to be suspected were no doubt actuated by spite.

The child is doing well at Hampstead hospital where it was taken several weeks ago.

Says This Remarkable New Pain Killer Acts Like A Charm

Wonderful 20th Century Liniment Ends Rheumatism and All Other Pains Surely and Speedily

These sharp, agonizing twinges are almost instantly relieved by the remarkable new pain killer and rheumatism remedy, 20th Century Liniment. Just rub it on—thats all. Acts like magic. No hot water bath needed. You simply apply it direct from the bottle.

It's positive, quick action in all cases of Rheumatism, Neuritis, Backache, etc., prove 20th Century Liniment to be the "worn enemy" of all pain.

Take a bottle home tonight. There's no need to nurse pain when you can get quick relief at the nearest drug store. Fisher & Stretch Pharmacy can supply you.

How Old Are You By Your Hair? You may be thirty in years, but if you are bald-headed, gray, or your hair is dry, brittle, scraggly and ugly-looking, people will surely take you to be many years older.

If you want good-looking hair and plenty of it, the route should be immediately vitalized and properly nourished. To do this quickly, safely and at little expense, get from your druggist some Parolan hair (liquid form) for home use. A little attention now helps insure beautiful hair for years to come.

Parolan hair is guaranteed to keep away all dandruff, stop itching and itching hair and promote a new growth of hair. It's in great demand by women who always "look their best." Because it makes the hair so soft, lustrous, easy to arrange attractively and appear much heavier than it really is.

A massage with Parolan hair is a real delight—easy to use, not sticky, and perfectly perfumeless—no antiseptic odor that does not change the natural color of the hair.

Warranted direct, will supply you and guarantee money refunded if you are not entirely satisfied.

ACIDS IN STOMACH MAKE FOOD SOUR

CAUSE INDIGESTION

Experience has taught me that most people who complain of stomach trouble and indigestion possess stomachs that are perfectly healthy and normal, except for a well known acidity. The real trouble, which causes all the sourness, gas and pain, is excessive acid in the stomach. This acid irritates the delicate stomach lining, causes fermentation of the food before the point of digestion is reached.

Artificially prepared acids are not needed in such cases. They give only temporary relief, do not correct the cause and often do great harm. A better plan, if you suffer after eating, is to drink a glass of hot Magnesia water made from a teaspoonful of four tablets of pure Blaukat Magnesia which can be obtained from any reliable druggist. This instantly neutralizes the acid, sweetens the stomach and your meal digests naturally without pain. Try this for a few weeks and see if your stomach does not feel one hundred per cent better.

doing. I can't get a house so that I can move and I can't live in peace as long as I live around here. They want to put me in the same class with themselves. They have tried every way since my husband and I have been married to separate us and have failed. Now, Miss Dolly, please tell me what to do.

WOMEN'S WIFE
I would keep on looking for a house and move at the first opportunity. In the meantime don't pay any attention to your neighbors. If you have a house and yard to yourself you can get along without speaking to them or listening to their staid gossip.

Dear Dolly—Will you please answer a question for me? I have canned my fruit or vegetables before as I am a new bride and I would like for you to tell me how to stuff green mangoes for pickles with cabbage.

ANNOUNCES TO KNOW
Soak firm hull seeded peppers for 24 hours in brine, not too strong. Cut a slit in one side or cut off one end, saving it to serve as a cover. Chop enough firm white cabbage to fill the cavity and use with one-fourth part of chopped celery, green cucumbers or green tomatoes. Sprinkle with salt and let stand for four hours, then drain in a colander. Add chopped onions, mustard seeds and oils and fill into the peppers. Place cover on top and tie firmly with twine. Place peppers in a porcelain pan, cover with water, vinegar, salt and sugar and boil for two hours. Back in layers in a large stone jar, cover and in six weeks they will be ready for the table. For a sweet pickle sugar is added to the vinegar when used.

Dear Miss Wise—I am five and one-half feet tall and weigh 115 pounds and I also am 16 years old. Am I too large? Which is the prettiest, a blond or a brunette? I think your column fine reading.

A READER
You are not too heavy for your height. I don't think the color of the hair has much to do with one's beauty. It's the shape of the face, the size and color of the eyes and the complexion that counts. A well known scientist said recently that blondes would soon be a thing of the past.

Dear Miss Wise—I am an attractive young lady and I would like for you to tell me how I could catch a lovely fella, as I am so lonesome.

You can catch most anything if you set your trap just right.

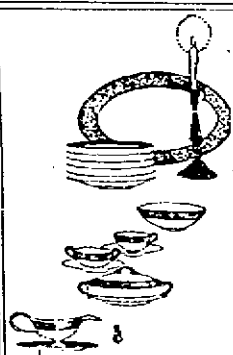

Dear Miss Wise I thought I would write a few things in regard to the Sunday moving pictures. I don't see how a clean picture on Sunday could do any more harm to young and old

IT WON'T HELP YOUR EYES TO REST THEM.

If they are in an abnormal condition. In fact the only way in which such eyes can be rested is in wearing glasses that render the eyes as nearly as possible normal. Abnormal eyes are strained even for distant seeing, and merely closing them is a rest for the time they are closed only, and the strain again starts when they are opened. Resting such eyes with glasses is a permanent relief that pays the biggest sort of dividend.

Dress up your table with Andersons' dinnerware

"You just must see the wonderful display of new dinnerware at Andersons'." we have heard one woman telling another today on our sidewalk, and the woman who was doing the talking had just come from our third floor where she had left an order for a few pieces of dinnerware to help complete her set.

And it's no wonder women like to stroll around now on our third floor where dinnerware just seems to bloom like flowers in a garden. Pretty patterns here, pretty shapes and styles there, and on every turn you find dinnerware that just makes one say, "Oh, how pretty."

With our new fixtures, our dinnerware section is enabled to display china in such a satisfactory manner for patrons, that shopping and choosing are pleasures.

Buy Dinnerware A Piece At A Time

Our method of selling dinnerware appeals to most folks who would like a new set but feel that they would not care to make such a great outlay at one time. To make it easy to own a new set of dinnerware we have two plans. There is the Christmas Club Plan, with which you pay a small sum each week and receive your set at Christmas time. Ask about this plan. It may interest you.

Then we will sell any part or piece of a set separately. Thus you may buy your plates one week, cups and saucers the next, month, dishes and platters when you like or feel that you can. In this way you can soon own a complete set with no great outlay at any time. This makes it very desirable too when you break a piece and wish to replace it. You can always match our patterns here.

Come and view our dinnerware, and meet your friends in our gift department.

To the Ladies of Portsmouth

Our lady representative will call at your home to show you what Calumet Baking Powder will do for you and why it is called the cook's best friend.

The demonstration and test she will make are interesting and instructive. The test is not a comparative test of the strength of different baking powders because the water glass test does not show the strength of baking powder that does not contain white of egg. The test will, however, show the superiority of Calumet in other respects and prove why it has solved all baking problems in millions of homes. Calumet is not only the best leavening agent possible to make, but it is sold at a popular price and is therefore an important factor in reducing the high cost of living.

Calumet is manufactured in the largest, finest and most sanitary baking powder plant in the world, by experts who make nothing but baking powder. Calumet received the highest awards for purity and efficiency at the world's greatest pure food exhibitions at Chicago in 1907, and at Paris, France, in 1912. Calumet contains only such ingredients as have been officially approved by the United States Food Authorities.

Calumet is guaranteed to be Pure in the Can and Pure in the Baking. Try Calumet once at our risk. Your money back without question if it isn't the best baking powder you ever used.

MASSACHUSETTS MAN WAS FED WITH SPOON

After Being Down In
Bed For Months And
Told End Was Near,
Takes Tanlac And Is
Now On Job Feeling
Fine.

Many wonderful endorsements have been given Tanlac, but the statement made the other day by Humphrey Kearns, of 411 Main St., Holyoke, Mass., is in many respects so remarkable as to be almost incredible.

Mr. Kearns has been employed by the Boston Paper Mill Co., for the past fifteen years. According to his statement he had been down in bed for months and was told he did not have much longer to live. The facts in his case which are already known to hundreds of Holyoke people, are given below just as related by himself. Here is his story:

"I was never sick a day in my life until about four months ago when I fell down in a faint at the mill and had to be carried home and put to bed. There I lay for three months and had to be raised up and fed with a spoon like a baby.

"There was such pain and feeling of pressure in the top of my head at times that I thought I would go distracted. I lost the use of my left arm and foot, and my stomach got so out of order that I couldn't eat without it hurting me.

"My food would invariably sour and

the gas from it would press on my heart so as to almost cut off my breath. At these times they had to get me to a window where I could get fresh air in order to breathe. My appetite left me entirely and I simply had to force down what little I did eat.

"I got to where I was constipated for three and four days at a time, so nervous I would tremble all over, and could not sleep at all. I just tried everything, including electric treatment, but nothing helped and I was finally told I hadn't much longer to live.

"One day my friend, Mr. Edwin Broadbent, came to see me and persuaded me to try Tanlac, and I believe it was a god send to me. I started getting better before I finished the first bottle. I got so I could eat something and retain it and picked up in strength so rapidly that in a few days I was able to sit up.

"Well, I have taken only three bottles of Tanlac so far and am still taking it, but have already regained the use of my arm and leg, and talking about appetites, I can hardly get enough to eat, and my stomach never gives me the least bit of trouble.

"My nerves have steadied down until I can sleep like a log every night. I have been back on my job at the mill now for several days and I am just getting along fine. In fact, I am feeling better than I have in many a day and I can't find words to fully express my gratefulness to Tanlac."

Tanlac is sold in Portsmouth by The Fisher and Strick Pharmacy and the leading druggists in every town.

Harry Carey
in "BLUE STREAK MCCOY"
UNIVERSAL

Tonight Will Be Your Last Chance to See "Blue Streak McCoy" Starring Harry Carey at the Eastland Theatre. The Opinion of All Who Saw It Last Night Was One of the Best Westerns Ever Shown Here. Why Should You Miss It Also? Century Comedy.

"Blue Streak McCoy," a splendid production starring the Western favorite Harry Carey, made a distinct hit last night when it was shown for the first time at the Eastland. Not only is the character which Carey portrays more likeable than many of his former roles but the thrilling story of H. H. Van Loan has an appealing interest that makes "Human Harry" appear at his best.

Carey appears in the role of Fighting Job, a Border Ranger in a small mining town, liked by all and loved by one Diana Hughes, niece of Marlowe, prominent mine owner. Through his acquaintance with Diana, Job comes in contact with Marlowe and his wife. The latter, he finds, is carrying on a clandestine love affair with Ollie, a mine official, who plans to steal the mine's wife and gold at the same time. His scheme is foiled by Job.

Added attractions tonight offer a new Century comedy and the International News which contains pictures of the dreadful Wall Street explosion which occurred in New York last week. This is the first showing in Ohio of these pictures and you cannot afford to miss them.

LI TING LANG
ROBERTSON-COLE

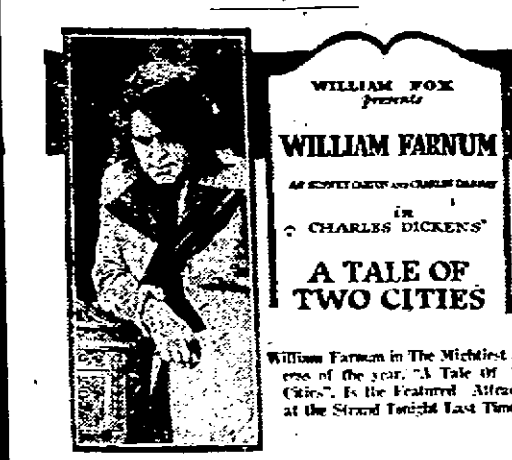

If You Want To See A Picture With Thrills, Love, Suspense, And High Tension Dramas, Come To The Eastland Theatre Tomorrow And See "Li Ting Lang" A Wonderful Production With The Celebrated Hayakawa At His Very Best—Also Snub Pollard Comedy—Pathe Review—Topics Of The Day And The Orchestra.

A Chinese Prince found slain in bed! A beautiful American girl snubbing slaps in her room, thinking that she has driven the prince to suicide; her deathless young fiancé who believes that he has killed the prince in a fit of jealous passion!

This is the unusual situation in "Li Ting Lang," a Robinson-Cole production starring the noted Japanese tragedienne, Sessue Hayakawa, which opens at the Eastland Theatre tomorrow for a run of two days. The situation is tipped by another in the picture when a year later, the American girl and her fiancé go to China on their honeymoon, and in the person of the leader of the Chinese republican army find Li Ting Lang, the Chinese prince, who has been murdered by them as dead.

"Li Ting Lang" was adapted to the screen by E. Richard Schreyer from the original story by Howard P. Lovejoy, and is a story which abounds in thrills, romance and suspense. Hayakawa is born in the role of the Chinese, who graduates from an American university inecognito.

The management of the Eastland Theatre wishes to personally guarantee to all its patrons that "Li Ting Lang" is by far the best picture Hayakawa has ever made and know that you will say the same after you have seen it. Added features on tomorrow's program are "Rock a Bye Baby," a new Snub Pollard comedy, the interesting Pathe Review, Topics of the Day and the Eastland orchestra.

IN
A TALE OF TWO CITIES

William Farnum in The Mightiest Success of the Year: "A Tale of Two Cities." Is the Featured Attraction at the Strand Tonight Last Time.

The management of the Strand Theatre desires of his success than Farnum, and there is none who denies his power to portray dramatic characters. It is known in the literature of every land as one of Charles Dickens' best liked plays. Its background is laid in France at the time of the French revolution. Farnum portrays two roles, those of Sidney Carton and Charles Darnley.

School children of all ages should avail themselves of the opportunity of seeing one of the world's literary masterpieces brought to their realization. Tonight will also bring Ruth Roland in her new serial "Ruth of the Rockies."

I came home last night All tired and everything Grouched at the wife. Kicked the cat out the door Fussed because the coffee Was too hot And made a first class fool Out of myself in general. When the wife finally Thought she dared speak To me without Getting killed She said very sweetly, George, dear, Let's go to the movies. I was still About as pleasant as a sick wild-cat But I was a little Ashamed too So I said Where will we go? And we went to The Temple and saw Down on the Farm And when we got back I hunted up the cat And speared him And I don't remember Just how it happened But before the evening Was over I told the wife to say buy That new suit she's Wanted so long. But I don't care I'm going back to see Down on the Farm Again tonight.

BARNES PROTESTS QUIZZ BEFORE SENATE PROBERS

UNABLE TO SOLVE EXPLOSION MYSTERY

NEW YORK, September 23.—After one week of investigation of the explosion that spread death and terror in Wall street last Thursday, officials today still groped for light that might lead them to a solution of the mystery.

Literally scores of clues, stories and conjectures have been sifted by operatives of the department of justice and local authorities without result. Despite the varied stories, however,

William J. Flynn, chief of the department of justice agents, was as positive as ever today that the tragedy was the result of a pre-arranged plot of anarchists. He characterized as "plain bunk," renewed stories that it

was accidental and he predicted that those responsible for the disaster would be brought to justice. "It was a criminal outrage," he declared. "We are positive of that and we are going ahead on that theory."

WASHINGTON, Sept. 23.—A right of way before the senate committee investigating campaign expenditures was held open for William Barnes, Jr., of Albany, N. Y.

The committee's inquiry began yesterday, into the publication of a book in "Republicanism on 1920," by Mr. Barnes, through his newspaper, the Albany Journal, was temporarily stopped by Mr. Barnes' denial that the affair had anything to do with the current political campaign, and his request for a committee ruling as to whether he should be examined further.

Today the committee was prepared with records of charges made before it concerning the matter, and hoped to be ready to decide the point.

Chairman Kenyon today also held a subpoenaed list which had on it the names of Robert Scripps, newspaper publisher of Cleveland; Loren Talbot, of Washington, D. C., who is connected with the Democratic national committee; Philander P. Claxton, United States commissioner of education; George H. Lockwood, editor of the Republican, a newspaper published here; and Joseph L. Hoffmann, secretary and treasurer of the Stars and Stripes, another Washington publication.

George T. Carroll, president of the National Retail Liquor Association, yesterday admitted the lending of liquor dealers individually toward Governor Cox.

"What about this official paper of yours called 'Justice' announcing the nomination of Governor Cox as a 'big victory,' and carrying his picture with the caption designating him as the next president of the United States?" asked the chairman, Senator Kenyon, of Iowa.

"That is done by the editors of the paper, and we have no way of controlling their actions," replied the witness.

"How much money have you raised to date?" he was asked.

"Less than \$2,000," he stated. "It is coming slowly now."

"Have there been any protests from the Democratic committee because of your activity along this line?" asked Senator Edge, of New Jersey (Republican).

"None that I have heard," replied the witness.

FAYOLLE TO ATTEND LEGION CONVENTION

Gen. Marie Emile Fayolle is coming to the American Legion convention in Cleveland, O., September 27 to 29, as the representative of the French government. Gen. Fayolle had more to do with the direct employment of American troops than any other French commander.

Mr. Carroll admitted that the liquor dealers had collected money for use in the campaign.

"How much money have you raised to date?" he was asked.

"Less than \$2,000," he stated. "It is coming slowly now."

"Have there been any protests from the Democratic committee because of your activity along this line?" asked Senator Edge, of New Jersey (Republican).

"None that I have heard," replied the witness.

CANDIDATE AND PARTY ESCAPE SERIOUS INJURY

PHOENIX, ARIZ., September 23.—Governor Cox's presidential campaign train was wrecked late yesterday 14 miles north of here, while en route to Prescott, Arizona. The Democratic presidential candidate and his party were severely shaken when an engine and four cars of the special train were derailed. All escaped serious injury.

The most seriously injured was Charles A. Nichols, engineer of Prescott, who received a broken leg in jumping from his cab when his engine toppled over. Spreading rails were assigned by railroad men as the cause of the wreck. After delivering several speeches here the train, consisting of six cars and drawn by two heavy engines, needed for the upgrade to Prescott, left here.

While running at a speed estimated at between 35 and 40 miles an hour, the train jolted suddenly as if in collision, and then application of the emergency brakes, lumping over broken rails and ties, and the screeching of cars, told passengers the story.

The four forward cars were derailed, the governor's private car at the rear and the adjoining compartment cars of newspapermen, except for his forward truck, remaining on the rails.

All the passengers on all cars were thrown temporarily.

Some suffered bruises and cuts from flying glass. In the rush for escape, several women passengers in the coaches were pulled through broken windows.

Governor Cox was in the dining room of his private car going over papers on the League of Nations' question with Dr. Robert C. Goldsmith, his assistant, when the crash occurred.

"What's that?" he shouted, rising to his feet only to be thrown heavily across the car against its wall. He was shaken up, but rushed out to assist the injured and this accomplished, coolly smoked a pipe while waiting for a wrecking train to arrive and take him to Phoenix.

Of the passengers, including several of the local reception committee of Prescott and Phoenix, Judge F. E. Dolinger, of the Mojave county court, suffered a bruised leg. Several others had cuts and bruises and torn clothing. Personal effects of all members of the train were scattered and broken.

That Governor Cox escaped injury was due, it was said, to delay in a conference with the Prescott reception committee. J. J. Simon, representing the Democratic national committee on the trip, and Chairman Norris, of the Prescott committee, were enroute to the private car to get the governor to go forward to the first coach, where the reception committee was riding.

When the crash came, most of those bruised or cut were in the forward coach.

COX SCORES TAFT FOR CHARGING USE OF MILITIA

PHOENIX, ARIZ., Sept. 23.—A statement declaring that former President Taft should be "ashamed of himself" for his statement regarding use of militia in Ohio during the Cox administration, was issued today by Governor Cox, during his Arizona campaign.

Commenting on Mr. Taft's recent article, which said that Governor Cox's distinction to maintain order by use of the militia is well known to local union leaders and explains his popularity with them, Governor Cox made the following statement:

"It has been apparent for some time that Judge Taft's newspaper articles, which were intended to be the reflections of a mature statesman, have been turned into cheap political propaganda."

He ought to be ashamed of himself for the statement that law and order have not been maintained in Ohio. I should like to have him tell me the instances in which he would have used troops where I did not.

"I challenge him to cite the opinion of a single member of the supreme court of Ohio, no matter what his position might be, in support of his absurd accusation. I have no objection to Judge Taft's becoming a water carrier around the old guard political camp. A great many people, however, in our state, who have respected him throughout the years cannot but look with regret upon the ease with which reactionary politicians still make use of him."

Argentine Turn Down Clause
Buenos Aires, September 23.—Negotiations for a treaty between the United States and Argentina, which would govern reciprocal rights of commercial travelers in each country have encountered difficulties. Argentina, it was learned today, has refused to accept the favored nation clause asked by the United States.

ORDERED TO APPLY FOR LOAN
CHICAGO, September 23.—Federal Judge George Carpenter today authorized the receiver for the Chicago and Eastern Indiana railroad to apply for a loan of \$500,000 from the \$500,000, 400 fund created by the Earth-Quake transportation bill. The loan is to be for fifteen years at six percent.

Merchandise Reduced

CHICAGO, September 23.—Price reductions of from 10 to 20 percent in several lines of merchandise were announced here today by Sears, Roebuck and Company and Montgomery Ward and Company, two large mail order houses.

Cotton staples, such as muslins, cambrics, sheetings and poplins, led the list in amount of reductions. Cuts also were made in men's and women's ready to wear clothing and shoes.

MacSwiney Suffering From Severe Pains In His Head

LONDON, September 23.—Lord Mayor MacSwiney, of Cork, had a few hours restful sleep last night, but was suffering severe pains in his head and was very weak this morning, according to a bulletin issued by the Irish Self-Determination League, at Brixton prison.

Reports to the home office, by the prison physician stated there was no apparent change in the condition of MacSwiney.

This is the 43d day of the lord mayor's hunger strike.

G. A. R. Veterans Turn To Business

INDIANAPOLIS, IND., Sept. 23.—The social events and the big annual parade over, the delegates to the annual encampment of the Grand Army of the Republic today turned to the business of the organization.

The first of the business sessions opened this morning with the reading of reports of the various officers. Several important subjects were to be discussed and voted on during the day.

Many veterans, who came solely for the social side of the encampment, started for home. Every outgoing train was crowded. Fifteen thousand veterans registered and it was estimated that there were thousands more who did not enter their names on the record as having attended. The encampment will close officially tomorrow.

The most important questions, aside from the election of officers, to come before the delegates at the business sessions were the proposal to increase the per capita tax from 2 to 3 cents per year to ten cents and the proposal for election of veterans organizations to promote patriotism and fight militarism.

NEW YORK, September 23.—Carpenters are unable to build enough coffins for cholera victims in West China, declared a letter received here today by the American Baptist Foreign Mission Society from Dr. Joseph Taylor, its representative in Cheng-Tu. Under date of August 10, Mr. Taylor wrote:

"The cholera is raging in Cheng-Tu. People are dropping dead in the streets and the supply of coffins has run out. Although carpenters are working day and night, the dead are being buried in trenches."

"The people look upon the scourge as a visitation of the Supreme Being who is punishing them for their sins."

OPENING STOCKS

NEW YORK, Sept. 23.—Recent confidence movements in the stock market were resumed at the opening of today's session. Back of the speculative two years advanced while most of the industrial issues were moderately reactionary. Chicago and Union Trust and Pacific and Kansas City Southern averaged 1 point each and St. Paul, Missouri Pacific, Washash preferred and New Haven gained substantial fractions. Tobacco and some of the oils were materially higher, but metals, copper and lead were depressed further selling pressure. A feature of the foreign exchange market was the acute weakness of rates to Scandinavian centers.

U. S. Troops Escort Laborers To The Mines In Kentucky

WILLIAMSON, W. Va., Sept. 23.—United States troops, on duty in the Mingo County West Virginia, coal strike region, were called upon last night to escort a number of laborers from the railroad station to Pond Creek, Kentucky, where they will take position left vacant by the striking miners.

A minute before the train bearing the laborers arrived here, several hundred persons gathered at the railroad station. Judge James Dameron, of the Mingo circuit court, ordered that the men be given protection, and Capt. Bryan, U. S. A., with a detail of regulars, escorted them across a bridge into Kentucky.

A number of affidavits were filed by operators with Judge Dameron today in which it was charged that laborers, brought into the region to replace striking miners, were being intimidated, and that city and county officials were in sympathy with the strikers.

Soon after the affidavits were placed in the hands of the judge, he called Sheriff Rankenship and Captain Bryan to confer with him. It was said that the question of martial law was discussed.

Politics Important Question Before American Legion Meeting

CLEVELAND, O., Sept. 23.—One of the most important questions to be discussed before the second annual convention of the American Legion, which opens here Monday, is that of the legion's participation in politics. Franklin D. Roosevelt, national commander, declared today.

"The legion constitution states that the organization shall be absolutely non-political," Mr. D. R. said, "and shall not be used for dissemination of partisan principles or for the promotion of candidacy of any person seeking public office or preferment."

"Legion men everywhere believe that this provision is the fundamental principle of the legion's being. At the same time, they do not believe they must at all times be silent on certain public matters."

Legion men just because they happen to be political. Where matters come up which clearly involve the principles for which the legion stands, the legion will not hesitate to give its opinion in strong terms."

Lemuel Polles, national adjutant, said that the legion must participate in politics to a certain extent, and not take the political clause in its constitution literally.

"This principle should be carried out with judgment," he said.

"The legion should not side with any political party or candidate, but it should take a stand on questions vital to the nation's welfare. If we fail to do this, we will be neglecting our duty."

The Guy Who Feels His Luck Changing

CHICAGO, Sept. 23.—Direct evidence of an attempt to fix a game between the Chicago National League team and the New York Giants was expected today when Jacob (Babe) Ruth, pitcher for the Giants, appears before the Cook county grand jury investigating alleged major league baseball gambling. He is said to have been offered \$500 by a former Cub player to "throw" a game.

Charles "Buck" Herzog, second baseman on the Chicago Cubs, admitted in a statement today that he had been accused of offering an \$500 bribe to Ruth to "throw" a game, and declared that President John Heydler, of the National League, and President William Veeck, of the Cubs, knew that he was accused before he knew himself. He said that they did not want to give him a hearing, "fearing publicity."

Herzog denied that he had ever been involved in an attempt to "throw" a game, and produced affidavits by Arthur E. Wilson and Norman Boeckel, of the Boston Braves, declaring that they heard Ruth declare he had won \$2,500 by betting on the Cincinnati Reds in the world series contests last year, with the Chicago White Sox. The Wilson affidavit, as announced, said that Ruth had told Wilson and Boeckel that "he, Ruth, had received a telegram from Hal Chase, in which Chase had advised Ruth to bet on the first two games of the world series; that Cincinnati would win, and then to bet that Cincinnati would win the series, or, in substance, that he, Ruth, had taken the advice of Chase and had bet all the money he could scrape together, and as a result had won \$2,500 on the series."

Big Game To Be Staged In Millbrook Park Saturday

With Friday left as the day for polishing up the rough places, the P. H. S. football squad is fast rounding into form of a well oiled football machine. A short scrimmage was in the arena Wednesday and judging from the time, the squad is being well trained and should easily down Jackson Saturday.

Scrimmage will again be gone through this afternoon on the Flindley street field.

It is thought that those on the injured list will be ready to start in the game with Jackson Saturday, and no doubt the strongest lineup the red and blue can present will start the game.

From present indications, Gray will hold the center position, flanked by Conliffe, McConnell, Cropper, Ogier, Roh and Heer look good in the tackle, and Chabot, Windsor and Del perform brilliantly on the end positions. Frowine is practically assured of quarter with Fride as a good substitute. Captain Miller on right half with Wilson as running mate; Smithmatter at full, complete the rest of the backfield.

Selby Bowling League

In the Selby Bowling league last night the Butchers led by Oscar Frank, proved to the general satisfaction of a dandy crowd of onlookers that they have a classy bowling team when they took three straight games from the Tackers. Henry Taylor of the Butchers rolled 513 for his three attempts which wasn't a bad evening at all. "Boss" Spence was high individual for the Tackers and a glance at his scores will show he was quite consistent last night. The boys give real to the girls this evening but Friday at 4:30 the Directors hook up with the office fire and at 7:30 the Champs and Wreckers will meet. Last night's scores:

Fast Freeburn Team To Play Solvay Club Here

The fast Freeburn (W. Va.) team, champions of the Cinder league, will clash with the Solvays, champions of the Industrial League, for supremacy on the Flindley street diamond next Saturday afternoon.

The visitors represent the Freeburn Coal company, which has mines at Freeburn owned and controlled by the Portsmouth Solvay Coke company and that they are a classy organization is attested by the fact the aggregation has triumphed over all comers this season. They have five former professionals in their lineup, including Ferguson, former Ohio stater, who will probably perform on the hill in Saturday's combat here.

Manager Barton of the local champions has lined his players up in fine shape for this important contest and the locals confidently hope to turn the tables and seal the enemy, by so doing wipe out the sting of the 1 to 0 defeat handed them by the West Virginia outfit at Freeburn on Sept. 1.

In order not to interfere with the high school football game scheduled for Saturday afternoon between Jackson and Portsmouth, Manager Barton generously released his claim on Millbrook park grounds for the day and the baseball struggle will be staged at the Flindley street pasture, starting at 2:30 o'clock.

No admission will be charged and a big throng is expected to be present to see the two crack teams perform in what promises to be the exciting and whirlwind contest in this city for the industrial baseball in this city for the year.

In the absence of Buck Stager, who is on a vacation, Chas. Spencer and Jack Hartge will be the judges of play.

Line Up Of Soldier Team Shows Club Is Classy One

The fans of Portsmouth will be treated to a rare menu at Millbrook Park Sunday afternoon, when they are accorded the privilege of seeing the 40th Infantry team of Camp Sherman battle the All Stars. The word "treat" is used advisedly for from the initial standpoint alone, to say nothing of the patriotic side of the question, the team of infantrymen is guaranteed to be one of the strongest, most evenly balanced and fastest aggregations seen here this season. St. Louis Cardinals excepted. The team has not lost a game all season and is the crack team of the big camp.

The club has visited many of the cities of the state in quest of victims and has won out in every battle. The fact that the infantrymen have won to the camp. Left Fielder McDonald, formerly played with the Southern team, was formerly a major league club. Catcher Beane was formerly a player in the New England League. First baseman Whitford is captain of the Indiana University team. Second baseman Smith is a college ball player and played with the Canadian League. Shortstop Lackey formerly played in the Tri-State League. Third baseman Yank is but 18 years of age and is regarded as the best all around player at the camp. Indians And White Sox Go To The Mat Today

"Up and at 'em," will be the watchword of the Chicago White Sox and the Cleveland Indians when they hook up in front of a three game series today.

Of Chicago's four first-string pitchers, Williams has been the most successful against Cleveland this year, winning four out of the five games he has pitched against them. Faber has won two and lost three, Kerr has won

Who Will Be The Winners?

Although no announcement of twirlers have been made by either Manager Gleason of the White Sox or Manager Speaker of the Indians, the probabilities are that the first three choices of the Sox manager will be Williams, Kerr and Cicotte and of speaker Coreleskie, Bagby and Mills, the newest addition to the team.

GAMES MOST FAMOUS SWATSMITHS TO MATCH SKILL IN THE CLEVELAND-WHITE SOX SERIES

The largest attendance that ever attended the franchise at League Park, Saturday night, was expected today when the Cleveland Indians, practically won for this season, will meet the White Sox in the first game of the 1920 season.

Although this series may not actually decide the American League pennant, it will decide the fate of the three teams, and will have a strong bearing on determining who is the final winner.

Both teams are in splendid condition as the result of the series would decide the fate of the two teams and the relative pitch of both in the final game of the season.

Joe Jackson, Happy Felsch, Swede Nelson and Eddie Collins will start for Cleveland and Eddie Collins will start for the White Sox. Both Speaker and Gleason have been their batting eyes against those of the speaker, Gardner, Smith and Jantz.

These members of both teams have broken up many a ball game with their home runs and it appears their timely swats.

WILLIAM'S IDLE THREAT

THIS is the way heads will fly to the right and left when I return to Germany."

Hewling energetically at a tree on the estate in Holland where he is passing his exile, the former Kaiser made this remark, according to a report brought to Germany by one of the old school junkers and repeated by the Socialist organ Vorwarts.

If the former Kaiser made the remark the danger to Germany is no greater because of it than if he had said nothing of that nature. If William had said heads would fly "if" he returned to Germany, the plausibility would be greater. There is much more doubt about the mere "if" than the "when" in his case, as the probability is he will never go back to Germany.

The threat is more characteristic of William's flashy temper than an indication of political probabilities in Germany. Kaiserism in Germany and czarism in Russia have come to an end. One need not be a Tallyrand to grasp that. The conditions have simplified themselves too well to throw even the ordinary observer into confusion.

Wilhelm may return to Germany some time, but the odds are against the contingency. A Romanoff may be set upon a throne in Russia, but the odds against that are stronger. Whether a Hohenzollern and Romanoff are seated upon new thrones the monarchies over which they hold sway will never repeat the history of the reigns that ended during the recent war.

IMPROVEMENTS NECESSARY

ACITIZEN, whose zeal and work in times past contributed much to such public betterments as Portsmouth now possesses, tried to impress upon us, just now, that two improvements Portsmouth should have is a new market and city hall and the paving of that portion of Union street that leads down to the upper ferry landing.

His idea is to move the present market site to a more suitable location, construction of market stalls on the ground floor and lay the city hall over that.

What he suggests are such obvious needs that they are apparent to all. The public markets should be moved undoubtedly. The plan, however, of constructing a city hall over the stalls is not one that in anywise commends itself to us. That's "small town stuff," a failure to prepare for the growth of the future that Portsmouth is already suffering from acutely. This is going to be one of the biggest towns on the river. Hereafter when we do anything let it be on a scale measureable to the fact, or let it go on undone, leaving to other days the solution.

By all means Union street should be permanently improved. It is an important inlet to the city. It is used daily by an army of working people, who have employment in the local plants, but who reside on the other side of the river. Besides that a considerable traffic is carried on over it with Kentucky.

It is understood every property owner on the street favors paving. If that be so they could make manifest their attitude by presenting a petition to council, showing their desire and, to be sure, that body would need no further urging to make the improvement.

IT'S SO SWEET OF HIM

THE learned and sapient supreme court of Maine state has ruled that rules, made and decreed by mere man, shall have no binding force and effect when it comes to apply them to fair woman. God bless her.

Maine in common with quite all the other commonwealths, has a registration law, which requires that when a male registers as a voter he shall give his age. Voters are registered as a protection against fraud. His personal description, generally, but most particularly his age, would seem to be a chief essential therein. A repealer, let it be said, of 30 or thereabouts, could not well personate a voter of 60 and more, without the collusion of all the poll officials.

But that is a rule that will apply only to the wicked male, according to the court. Woman was given the ballot to purify it. Her advent thereat means we are not hereafter to have repeating and false returns on elections any more.

So it is just and proper that the female should not be required to state the circumstance of the date of her birth. For her to say she is 21 is ample and sufficient.

Always depend on Cleveland to start some fool reform. It is now trying to break the public schools pupils of the general habit of eating pie at the noon hour lunch. Says it makes them torpid and stupid. No American institution is scared from the desecrating hand of the reformer.

To The Readers Of "The Diary Of An Engaged Girl"

For the past few weeks the author of "The Diary of an Engaged Girl" has been traveling in Europe and has been sending the various installments across the ocean. Due to the fact that some of the installments were lost in transit the readers of this interesting serial will be compelled to forego the pleasure of their daily reading of this series until the lost copy can be traced or replaced. The Central Press Association which furnishes The Times the copy for the story is doing all in its power to recover the lost installments and promises to resume the story within a few days.

Never envy a man because prosperity's full sun seems to shine upon him; you know not what his sins and his burdens are that rob riches of all their zest. Take the case of Blair Graham, of Boston. He was the head of a big company and was called "the millionaire hide king," because of his vasty successful war times speculation in leather. Yesterday, he committed suicide because, a fugitive from justice, he was placed under arrest for embezzling a paltry \$48,000. So now he is a dead one and others are spending his millions, or as it would otherwise appear he lost them as quickly as he made them.

What oddities and perversities there are in accidents. To-day there was a story in the paper that made the heart throb warm with its details. At Canton, a slowly moving freight train ran over a two year old child. An automobilist happening by as the engine passed over, jumped out and ran to the train. As the child attempted to crawl between the wheels he would push it back and thus it went until every car had rolled by and the baby came out without a scratch, except for the loss of two fingers, which were cut off by the last wheel because its flange was twisted a couple of inches out of line. Then there was the other instance narrated of a bond firm losing \$400,000 through the explosion in Wall street, the other day, and recovering them. The securities were blown out of the messenger's hands and driven through a window into the office of another brokerage firm; in the fourth story of a building opposite. There they were found when clearing up the wreckage was made.

BILLY WHISKERS

When Bobby jumped out of the wagon, chickens came swarming and running to him, and clustered around his feet so he could hardly walk without stepping on them, down from the gallop of the barn whirled some pigeons, which circled about his head and

one of them lit on each shoulder, while another one tumbled off in trying to get a foothold. Bobby laughed, and stooping down, stroked the feathers of some of the chickens and then he reached up and took one of the pigeons in each hand.

"Go, Flash! Go Rocket!" he called, pitching each one of them into the air as he spoke, and after chasing about him they flew back to their perch under the eaves of the barn, while Bobby unlatched the door.

No sooner was that surprising pony unlatched than he ran back to the pump. There was a little water standing in the bucket under the spout, but Bobby upset that at once, and then turned the bucket right side up again with his nose. There was a leather bag nailed firmly to the pump handle and gripping this with his teeth, Bobby jerked his head up and down until he had pumped a bucket of water which he drank with great relish. Then he trotted into the barn where Bobby presently carried the goat.

He gave Billy a drink of cool, fresh water and then, after preparing spittles and bandages and getting everything ready he set the broken bone in Billy's leg with cool, firm hands. Poor Billy! It hurt him far worse than it had hurt to break his leg, but after Bobby had put some ointment on the leg and wrapped it up in soft bandages and had bound the stiff boards on it to keep it firm while the bone was healing, it felt a great deal better. Billy's head was made of some sweet smelling

hay right in front of Bobby's stall. Just where a cool breeze could blow across him, and after Bobby had gone away, Billy closed his eyes in comfort. Next to being back on Farmer Klause's farm with his own mother, this was the nicest place he had ever been in his life.

After a long nap Billy woke up to find Dandy clattering into his stall. "Shew, but I'm hot!" said Dandy. "How do you feel?" "Pretty good," said Billy. "Only my leg does throb and hurt."

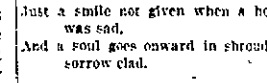

"No doubt," replied Dandy. "I know when Queen had her leg broken she told me how it hurt her. You must get around and see Queen and her ladies as soon as you are able, although I expect by that time they will be in here tending around you. They are the nicest little poodles I ever saw in my life."

"I shall be glad to," said Billy. "But just now I'm only thinking about one thing. I'm hungry."

"That's good," laughed Dandy. "You'll get something to eat all right. Nobody stays hungry around here Billy. He's the best boy in the world. As soon as you get well enough, he'll teach you to do tricks."

(Tomorrow Billy hears about his clever playmates.)

Just a Word
 Just a word not spoken to a waiting heart,
 And the years may never heal the grievous smart.

Just a smile not given when a heart was sad,
 And a soul goes onward in shroud of sorrow clad.

Just a bit of silence when a song would wake
 Memories of healing for an old heart-ache.

Just a hand not offered when a hand would aid,
 And a friendship passes thinking it betrayed.

But if words are spoken with a smiling face,
 If our lips are singing as years go space,
 If our hands are aiding those whom life oppresses,
 Every day is brimming with true happiness!

WHO'S WHO In The Days News

WILLIAM B. MCKINLEY
 After a hard race in the Illinois primaries Congressman William B. McKinley has been announced winner of the Republican nomination for United States senator. McKinley was opposed by the Thompson machine, which rolled up a big majority against him in Chicago. This was overcome by the congressman's popularity down state.

William Brown McKinley was born in Pittsburgh, Pa., in 1856. He studied at the University of Illinois for two years, but did not graduate. He started his business career as clerk in a store in 1873. Three years later he became manager and partner in the banking and mortgage loan business of J. B. and W. B. McKinley—a position he still holds. Since 1883 he has also been engaged in the building and operating of public utilities. He is president of the Illinois Traction Company and of the Western Illinois and Light system.

McKinley has taken an active interest in Illinois politics for more than twenty years. He began his first term in congress in 1896, where he remained uninterruptedly for eight years. In the 1902 election he went down to defeat along with President Taft, whose campaign he managed. Two years later, however, he returned to congress, where he has since served the Nineteenth Illinois district.

New-York - Day-By-Day

BY O. O. MINTYRE

NEW YORK, Sept. 23.—Those happy purrers who infect Broadway and the avenue in the late afternoon—giggling girls and smiling strongly of college, will no doubt lead the wedding of an athletic young lady on Thirty-Fourth street. She was on her way home. From under a hotel canopy across the way came a fresh-faced, shaven person, whose cheeks were as rosy pink as the carnation in his lapel.

He tipped his hat, pretending the odors of a heavily pomaded head. "Sweetie," he said, "I've been waiting for you." And he reached out to grab hold of her arm. And then all the lights went out. Save a sunburst that twinkled away up in the sky. The young lady knew something about jiu-jitsu and she landed the blow in the proper spot.

She stood over him while the little birds twined their vespers song and when he came to with a silly grin, she grabbed him by the collar. An express wagon was at the curb. Before he knew what was going on she had forced him into the wagon. She stood beside him.

Of course, the usual New York crowd had collected. "Now," said the lady to the crowd, "this sweet-scented geranium is going publicly to apologize to me." Then she turned to him: "Apologize, fight!" The fellow gulped and whispered: "I am sorry." But that was not enough, she made him get down on his knees, raise his right hand and repeat on oath that he would never molest a girl on the street again.

She saw a policeman coming, let him go and both slipped away in the crowds. Thereby saving the incident from general circulation. In no city are the conventions so lightly regarded as on the streets of New York. The

N. & W. Engineers Hold Record Meeting Here; Fine Talks Made

Mayor Gableman Delivers Keys Of City To Visitors

This year's meeting of the Brotherhood of Locomotive Engineers of the N. & W. System, held at K. of P. hall, is surpassing all other such gatherings of the organization in attendance and interest. The attendance this year has been unusually large and everyone present is taking an active part in the meetings, three sessions being held Wednesday.

The union system meeting will come to a close today, with sessions this morning at nine, this afternoon at two and an entertainment and dance tonight.

Wednesday afternoon the second business session was held with S. H. Huff, general chairman of Roanoke, in charge. Talks were made by Mr. Huff and T. H. Crews, Assistant Grand Chief of Cleveland.

Mr. Crews explained in detail the cooperative bank being formed in Cleveland for the B. of L. E. members only. He urged the men to see that they carry the amount of insurance that will provide for their family when they pass to the world beyond. Chairman Huff made a general talk on the goal of the organization.

At six o'clock the engineers and their wives and several invited guests enjoyed a supper in the basement of the United Brethren church. After the supper Mayor William Gableman was introduced and he made the address of welcome, saying that the city was open wide to the visitors, and urged them to enjoy themselves to the limit while they were in the Pelee City.

Mr. Crews responded to the address of welcome and thanked the local engineers, their wives and friends for their hospitality.

Superintendent of the Seloto Division of the N. & W. Harry C. Weller, then made a talk on the N. & W. and how it steadily progressed, the speaker adding that much of the progress was due to the loyalty of its engineers. Secretary John Dudley of the N. & W. C. A. also made a short talk.

The evening session was open to engineers and their wives, the program consisting of short talks, readings and musical selections.

Chairman Huff presided over the evening meeting. First to be introduced was Mr. Crews, who explained the cooperative bank being formed by the B. of L. E. the bank to be located in Cleveland. It is to be known as the Locomotive Engineers Cooperative National Bank, and stock will be offered to engineers only. Mr. Crews then spoke on the insurance benefits of the organization and how every engineer should avail themselves of the opportunity to take out enough insurance to provide for the future. He said: "We are jeopardizing the future generation by our love for luxury. Statistics show that 2 1/2 per cent of our income is spent for insurance, a like amount for sweets and 6 per cent for tobacco. We are to be held responsible for the future generation and should provide now for the future."

Mrs. W. B. Tunstall of Norfolk, Grand Organizer and Inspector, was next called upon. Mrs. Tunstall said that the strength of the organization depended upon social contact. She said that the meetings such as these

helped to bring about a better social spirit and brotherly love. There are 25,000 B. of L. E. members and only 25,000 Auxiliary members. She urged each engineer to see to it that his wife joins the Grand International Auxiliary of the B. of L. E. If for no other reason than to get the insurance benefits.

Grand Organizers Talk
Mrs. W. H. Huff of Roanoke and Mrs. Mae Hannan of Columbus, Grand Organizers and Inspectors, were also called upon for short talks. Both spoke of the fine attendance and spirit manifested in the meeting and urged more of these union system meetings for the good of the organizations.

G. F. Turley, trainmaster of the N. & W., was then called upon by Chairman Huff. Mr. Turley spoke of the N. & W. railroad and how it ranked with the best of them. He said that the employees and road had slipped a little during the last period of unrest and that it was now time to get back into the harness and work for increased facilities which means better service. "We have always looked upon the engineer as the one big factor in the progress of the road," said the speaker. He then urged cooperation for the best interests of all concerned and spoke of how the B. of L. E. and the N. & W. had worked hand in hand for betterment of conditions always.

Mr. Huff in speaking a few words following Mr. Turley, said "the steady progress and development of the N. & W. has been due to that splendid spirit of cooperation shown by the engineers as well as to its efficient management."

The readings and musical numbers were well received and each received hearty applause. Mr. and Mrs. Mark Smith of Roanoke rendered a piano violin number. Mr. Smith playing the violin, while his wife presided at the piano. Mr. and Mrs. C. J. Pyles gave one of their splendid numbers. Mr. Pyles singing several favorite numbers. After a long applause they proceeded to take a part in tonight's program in Ben Hur hall.

Miss Marie Wilson, daughter of Mr. and Mrs. A. Wilson of this city, and Miss Jim Stinson, daughter of Mr. and Mrs. Dave Stinson of Kenosha gave readings that met with instant approval. All the numbers were very appropriate for the meeting.

Mr. W. L. Simonon, who has been president of the G. I. A. here for ten years, announced that there would be a meeting of the women at the Washington Hotel at 9:30 this morning. Simonon was to escort the visitors through one of the local shoe factories. Dinner will be served today by the women of the G. I. A. in Ben Hur hall. This evening at eight o'clock an open meeting on entertainment will be given in Ben Hur hall with the G. I. A. women putting on a short play. This will be followed by a big dance in the E. H. Hall, the hall and music to be furnished by the Retail Merchants' Committee of the Chamber of Commerce. The dance will bring to a close the two days' system union meeting. A. Wilson and S. E. Callahan, head of the committee in charge of the big meeting, said that the meetings such as these

Making Effort To Have Mr. Harding Talk Here

Senator Warren G. Harding will deliver a 20-minute address to the people of Portsmouth from the rear platform of a Norfolk and Western train on Friday, September 24, if the preliminary plans started by the Republican Club toward this end are carried to a successful completion.

Judge A. Z. Blair, one of the committee men telephoned to Marion Wednesday noon and talked with Charles

Hurd, Republican secretary in charge of correspondence. Mr. Hurd expressed confidence that means could be arranged so that Harding could speak here on his way to Marion from Ashland, Kentucky, where he is scheduled to speak at 1:30 p. m. on the 24th.

Judge Blair expects a wire from Mr. Hurd at any time, stating whether the stopover can be arranged.

Palmer Detained By Police

John Palmer, aged 24, was the name given by a man claiming Dayton as his home who was taken into custody by the office of Inspector in the West End late Wednesday night and booked up at the city jail where he is held for investigation.

The man made conflicting statements in explaining his presence in the city, according to the officer, and this led to his being held on suspicion.

Suspect In Baby Desertion Case Exonerated By Police

Recent developments in the Fullerton baby abandonment mystery has resulted in a complete vindication for the South Portsmouth young woman, who the officials were led to suspect, was the mother of the infant left deserted under an apple tree near the Anderson home in Kentucky opposite

the old water works plant early in June.

Information received by local officials when the young woman in question left her home at South Portsmouth several weeks ago and went for a visit with relatives in a city in northern Ohio gave rise to the suspicion pointed toward her. The young woman returned recently and Tuesday called on Chief Dittel, who on learning her story was thoroughly convinced that she was not the mother of the abandoned infant nor had any connection with the affair.

In discussing the conference Chief Dittel stated that the young woman established a complete alibi and justice to her, he asserted, it should be said that the persons on whom information caused the girl to be suspected were no doubt actuated by spite.

The child is doing well at the hospital where it was taken several weeks ago.

TO DISCUSS NEW HOTEL PROJECT

This evening at six o'clock the Chamber of Commerce will hold their first Forum supper of the fall and winter.

An important subject, the proposed new hotel for Portsmouth, will be discussed and with such a subject before the membership a big attendance is looked for this evening.

The Hotel Committee, composed of A. H. Bannon, chairman; John F. Taylor, Mark W. Selby, Samuel Horchow and Gilbert S. Monroe, is ready to file its recommendations with the Board of Directors, providing such recommendations meet with the approval of the membership.

At the meeting this evening to follow the supper the committee expects to receive the approval of the membership. It would be encouraging to the committee to have a large number of members present to hear their report. The committee will show what has been accomplished to date on the hotel proposition. Hotel men from other cities are expected to be present to make talks.

Architect Weber, of Cincinnati, who has prepared plans will be on hand to show a splendid picture of the proposed hotel structure.

Two hurt when sedan and truck collide

Virginia, small daughter of Mr. and Mrs. Stanley Kendall, twenty-second street near Kinney's Lane, was seriously injured, her left ear being partially severed from the head when a Ford sedan driven by her mother collided with a Stewart truck driven by Marion Schieffelin, School Road at Kinney's Lane and Waller street at 7:30 o'clock this morning.

The child was taken to Hempstead Hospital where Dr. T. G. McCormick attended her.

Shieffelin stopped his machine and helped the injured. His machine was badly damaged.

The Kendall automobile was being driven north on Waller street and the truck east on Kinney's Lane when the collision occurred. Mrs. Kendall has just taken Mr. Kendall to the Selby shoe plant and was returning home at the time.

REV. LEWIS RESIGNS

JACKSON, O., September 23.—Rev. E. J. Lewis, Jackson's oldest minister, gave his resignation to the local Presbyterian church yesterday. It is to take effect in the early spring.

Rev. Lewis has been eight years in the city of Jackson, and during that time has been very active in both church and civic circles. He has been for some time president of the Ministerial Association of the city. Rev. Lewis' influence during his stay in Jackson has been felt over the entire country where he has been called in conference with many churches.

Rev. Lewis is well known here, as he has filled the pulpit of the local Presbyterian churches numerous times.

Modern Advantages.
"So you think a young man has more opportunities than he had some time ago." "In some respects," replied Mr. Curren. "A young man now can start in with golf and motoring when he likes. I didn't have a chance at 'em till I was well into middle age."

MAY SPEND \$1,000,000 ON HUNTINGTON C. & O. SHOPS

HUNTINGTON, Sept. 23.—A million dollars may be spent in improvements at the Chesapeake & Ohio shops here as the result of an inspection just completed by President George W. Stevens and other officials of the road, it was learned last night.

In the list of improvements, which President Stevens and other officials are said actually to have decided to recommend to the board of directors, are the construction of a freight car shop and a modern office building.

The Chesapeake & Ohio at the present time has no freight car shop and all repairs to cars of that classification are made in a shed or, in the open at

the local shops. Work is halted at various times of the year because of weather conditions. The time is said to have arrived when the road cannot continue to trust its freight car repairs to the makeshift methods of now employs by reason of inadequate facilities.

Consulting Engineer Here
Additional weight is given the report by the presence here of Harry Frazer, consulting engineer for the road, who accompanied the officials on their inspection tour.

The inspection party left at noon yesterday for the Wilmington Golf terri-

tory. Included in the party are George W. Stevens, president; J. H. Graham, senior vice president; W. E. Perkins, member of the board of directors; Harry Frazer, consulting engineer; A. Trevitt, secretary of the board of directors; C. H. Wall, vice president; F. M. Whitaker, vice president and traffic manager, and J. R. Parrish, general manager.

The party first visited Huntington Friday and then went for a tour of the Logan, Big Sandy and Cincinnati divisions, returning to Huntington yesterday for another brief inspection of the local shops.

Injunction Is Granted

George Cook, Adana Knapp and Adana Hare, as trustees of St. John's Evangelical Lutheran church of Fayetteville, instituted an injunction suit in Common Pleas court Wednesday, seeking to prevent Mortie Smith from destroying a fence which surrounds

the church property in Green town. The defendant owns a farm adjoining the church, and a recent survey brought on a dispute, the new line extending over on the church premises a few feet, including the fence.

When the defendant Tuesday began making preparations to tear down the fence, it is claimed, the church trustees hastened to town and secured a temporary injunction restraining him from molesting or disturbing the fence until the case can be heard on its merits. The plaintiffs sued through Attorney L. A. Thompson.

IN SERVICE? GET YOUR MEDAL

Victory Medals are being issued this week to all ex-soldiers of the World War in this county. The office of distribution is the Red Cross room, seventh floor, First National Bank building where there is an army officer in charge.

Lieut. R. P. Ovenshine is here this week to distribute the Victory Medals issued and authorized by the U. S. Government. Ex-soldiers in applying for the medal should present their discharge to show proof that they are entitled to the Medal.

Lieut. Ovenshine will be here until Saturday evening and it is important that all veterans get their medals for this time.

HARDING LEADERS AT STEEL PLANT

The secret straw vote taken in 1920 by the Columbus Dispatch shows the total vote for Harding in voting at the Whitaker-Glessner plant, Portsmouth, to be 50 and for Cox 64.

The Straight Democratic ticket polled 21 votes while the Cox ticket, five transferred their allegiance from the Republican to the Democratic party while 11 from Democrats decided to cast their vote for Harding.

Thirty-seven voting the Democratic ticket did not indicate any preference while 43 that cast their vote for the Republican ticket indicated a preference for Harding.
